Dear Mr. Haley

On February 22 & 25, 2002, the Department of Environmental Services, Waste Management Division (DES) conducted an inspection of Thompson Center Arms Company, Inc. (Thompson). The purpose of the inspection was to determine Thompson's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Thompson was issued Letter of Deficiency No. WMD 02-14, dated April 9, 2002, (LOD) and an amendment to the LOD dated December 30, 2002. Based upon a review of Thompson's submittals, DES has determined that your facility has corrected the deficiencies identified in the LOD.

Please be advised that DES will continue to monitor Thompson's compliance status through record reviews and on-site inspections. This Letter of Compliance does not release Thompson from liability for penalties to which it may be subject for the deficiencies identified in the LOD.

If you have any questions regarding this letter, please contact the lead inspector, Eric K. Abrams or John J. Duclos, Supervisor of the Hazardous Waste Compliance Section at (603) 271-2942. Thank you for your cooperation.

Sincerely,

Kenneth W. Marschner, Administrator

Waste Management Division
